BY INSTRUCTURE

This course has some helpful videos, but the Instructional Continuity Course is better for on campus teachers to learn how to use Canvas for Remote Instruction. If you are not already enrolled, use this link: <https://ccsf.instructure.com/enroll/WD8MEJ>

This page will help you get started with Canvas, the powerful yet simple-to-use cloud platform for teaching and learning. Here are just some of the cool things you can do with Canvas:

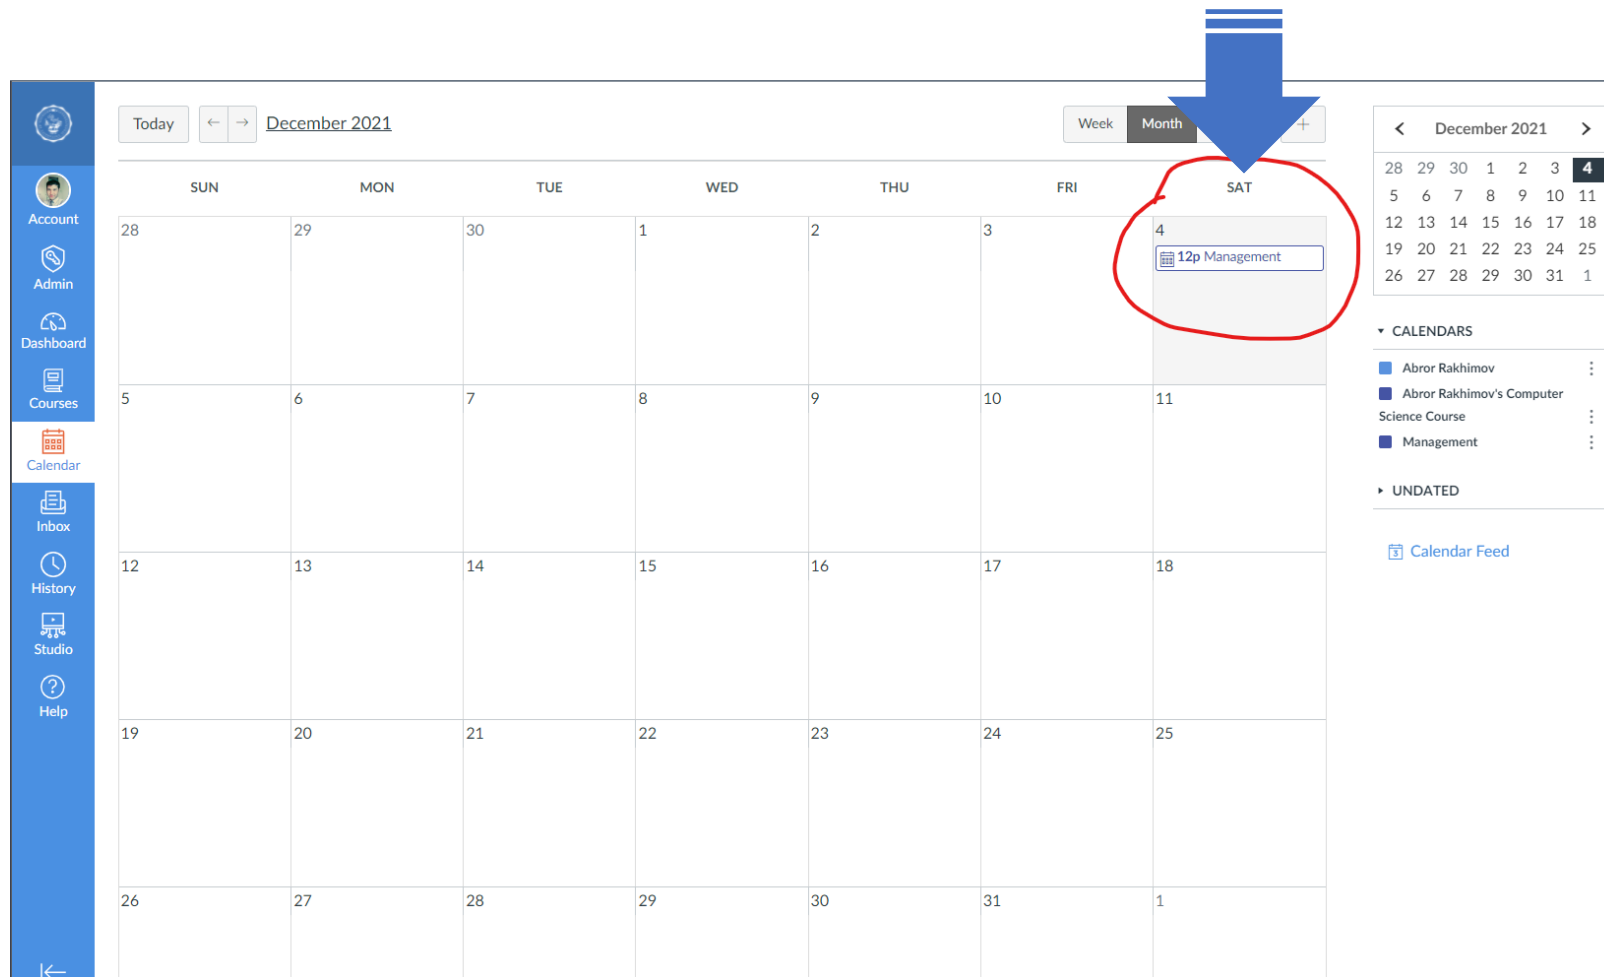

The cool things you can do with Canvas, was embedded from Vimeo.

Getting Started with Canvas

If you have access to a Canvas staging environment as part of your LMS evaluation, you can typically create a new Canvas course off the Canvas dashboard as soon as you login [Note:

Calendar tugmasini bosib, sizning darslaringiz uchun tashkil qilingan video darslar jadvalini ko'rishingiz mumkin

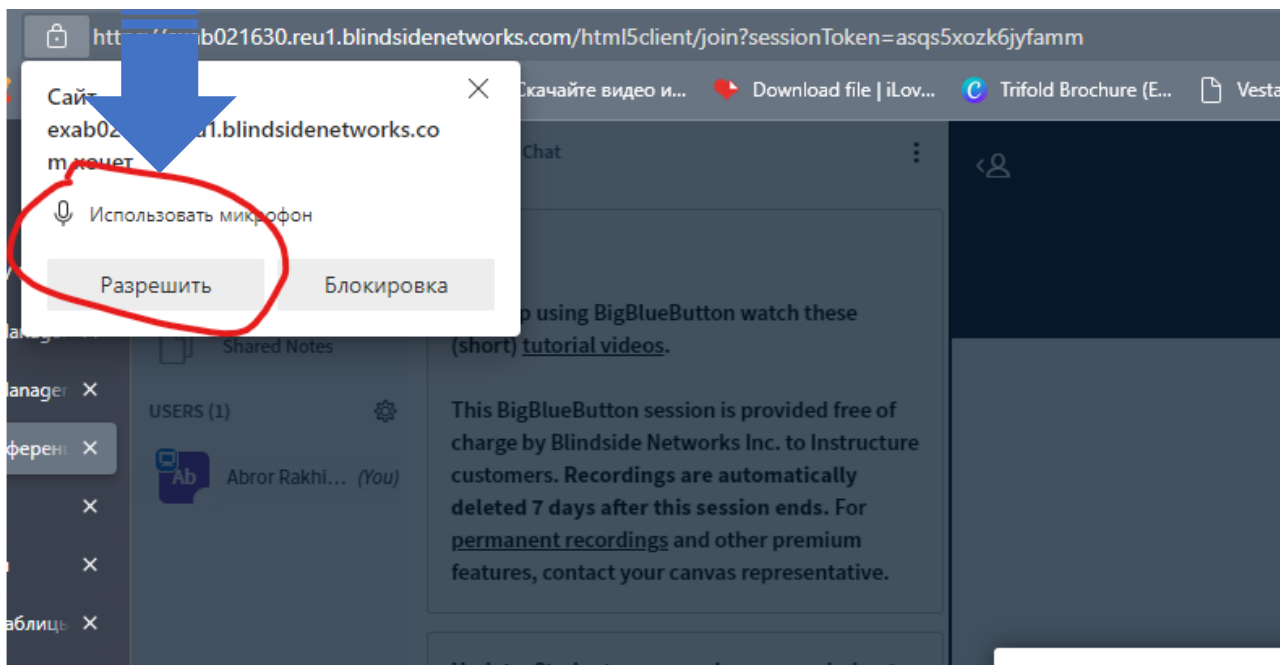

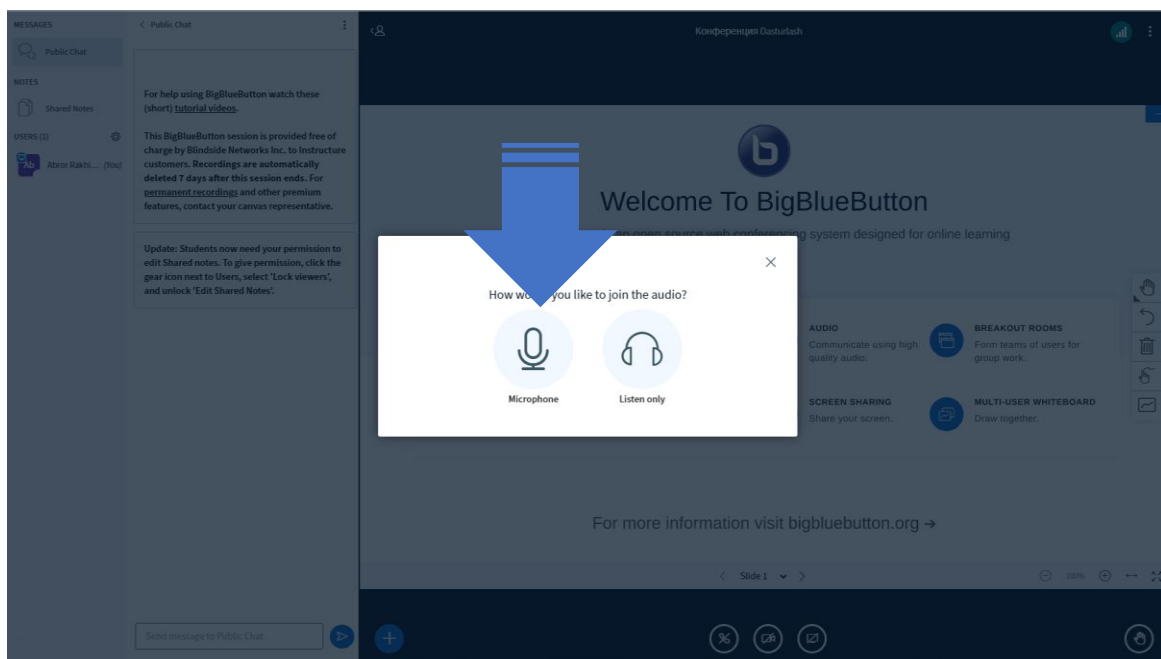

Darslarga qatnashish uchun, dars bo'ladigan kun va soatda ushbu darsga bosiladi. Dars ochilgandan keyin "Join" tugmasi bosiladi

The screenshot displays the Canvas LMS interface for a user named M100. The left sidebar contains a navigation menu with links to Account, Admin, Dashboard, Courses, Calendar, Inbox, History, Studio, Help, and a red circle around the 'BigBlueButton (Conferences)' link. The main content area shows the 'Conferences' page with a '+ Conference' button at the top. Below this, there are two sections: 'New Conferences' and 'Concluded Conferences'. The 'New Conferences' section lists a conference titled 'Management' (Dec 4 at 11:20pm) and 'Конференция Dasturlash' (In Progress). A red circle highlights the 'Join' button next to the 'Konferentsiya Dasturlash' conference. A blue arrow points from the 'Join' button in the 'New Conferences' section to the 'Join' button in the 'New Conferences' section.

Dars ochilgandan keyin “Microphone” tugmasi bosiladi va Camera va microfonga dustup beriladi

# Keyin esa Video darsga kiriladi

The image shows a screenshot of the BigBlueButton web interface. On the left, there is a sidebar with sections for MESSAGES, NOTES, and USERS. The MESSAGES section is active, showing a 'Public Chat' window with a message from 'Abror Rakhimov' that reads: 'For help using BigBlueButton watch these (short) [tutorial videos](#). This BigBlueButton session is provided free of charge by Blindsight Networks Inc. to Instructure customers. Recordings are automatically deleted 7 days after this session ends. For permanent recordings and other premium features, contact your canvas representative. Update: Students now need your permission to edit Shared notes. To give permission, click the gear icon next to Users, select 'Lock viewers', and unlock 'Edit Shared Notes'.'

The main area of the interface is a video conference screen. At the top, there is a header bar with a user profile icon and the name 'Abror Rakhimov'. Below this, a video feed shows a man speaking. A large green arrow points down to the video feed. The main content area of the video conference screen displays the BigBlueButton logo and the text 'Welcome To BigBlueButton'. Below this, it says 'BigBlueButton is an open source web conferencing system designed for online learning'. A central panel lists various features: CHAT (Send public and private messages), WEBCAMS (Hold visual meetings), AUDIO (Communicate using high quality audio), BREAKOUT ROOMS (Form teams of users for group work), POLLING (Poll your users anytime), EMOJIS (Express yourself), SCREEN SHARING (Share your screen), and MULTI-USER WHITEBOARD (Draw together). At the bottom of the video conference screen, there is a footer bar with a navigation bar showing 'Slide 1' and a toolbar with icons for chat, video, audio, and screen sharing.
